CORRECTION OF TRANSCRIPT OF APRIL 25, 2000 AUTHORITY CONFERENCE  
AND ERRATUM TO  
SECOND INTERIM ORDER RE: REVISED COST STUDIES  
AND GEOGRAPHIC DEAVERAGING

---

This matter came before the Tennessee Regulatory Authority ("Authority") at a regularly scheduled Authority Conference held on April 25, 2000, for consideration of revised cost studies, comments and reply comments filed by the parties to this proceeding. Due to an error in transcription, in line 8, page 15 of the *Official Transcript* of the proceedings of this matter on April 25, 2000, the following correction is made: the word "**deficiencies**" is deleted and replaced with the word "**efficiencies**."

Further, the deliberations of the Directors at the April 25, 2000 Authority Conference were inaccurately reflected in the subsequent memorialization set forth in the *Second Interim Order re: Revised Cost Studies and Geographic Deaveraging* ("Second Interim Order"), issued November 22, 2000. As such, and in light of the correction to the transcript, the *Second Interim Order* is modified to accurately reflect the deliberations of the Directors at the April 25, 2000 Authority Conference, as follows. The second sentence under the section titled "UNE Combinations" on page 10 of the *Second Interim Order*:

Further, BellSouth should adjust the nonrecurring cost of UNE combinations not already combined in its network to reflect any efficiencies of providing these combinations.

**is deleted in its entirety and replaced with the following:<sup>1</sup>**

Unbundled network elements that are not already combined in BellSouth's network should be priced at the sum of the unbundled network element prices after adjustments for nonrecurring costs to reflect efficiencies.

Finally, this *Correction of Transcript of April 25, 2000 Authority Conference and Erratum to Second Interim Order re: Revised Cost Studies and Geographic Deaveraging* is specifically incorporated by this reference into the Final Order, issued on February 23, 2001.
